SPECIAL INFO

This artwork has been created compatible with
Adobe CS6
Dimensions must be measured at 100% size only
Barcode is shown as guide for position only and
not for reproduction.
Fonts are either supplied outlined, or as live text
but without the corresponding font due to
licensing laws.

Please Note: The colours indicated in this artwork palette are a guide to the artwork construction only. It is assumed that any Pantone: CMYK colour conversions are based on the recommended values from Pantone Colour Bridge. Colour targets supplied as hard copies are subject to the technical limitations of the output devices and cannot replicate any special colours proposed with 100% accuracy. Final printing colours, including both process and special colours, should be agreed through consultation between 1HQ, the repro house and printer for the best match to the colour target proof and any other target colour swatches provided. 1HQ cannot be held responsible for any colour developments made without approving a press-predicted colour proof submitted on the final substrate.
